Would you like to know more about the trail or our plans to improve access for all and information about the Beeches? Telephone 01753 647358 or visit our website.

Thank you!

The trail was created with the help of Outdoor Culture (www.outdoorculture.com).

The audio guides are the work of the children and teachers of Farnham Common Junior School, led by Duncan McAfee.

This 1 km trail (under a mile) visits woodland, wood pasture and the pond, with five special sculptures to touch, listen to and even sit on.

There are audio guides too, with facts and poetry about the history and wildlife of Burnham Beeches.

- The path is suitable for wheelchairs, with gradual slopes to and from the pond.
- There are lots of seats along the way.
- You can download the MP3 audio guides from www.cityoflondon.gov.uk/burnham.
- You may also borrow the guide and an MP3 player from the office (open 10 am - 4 pm, Monday to Friday) for a small deposit. Telephone 01753 647358 for more details.

Finished with this fact sheet? If you put it back in the rack, someone else can use it.
**Sit back** and enjoy the **scents** of each season.

**Feel** the force of nature

The artworks are made of oak that either fell naturally or had to be cut to help our oldest trees to grow better.

Take a new **look** at the landscape.

**Reach out and touch** the wildwood.

The artists were inspired by the woodland of Burnham Beeches.

**Listen** to the sound sticks.

**Key**
- bench
- alternative path to avoid steep slopes to and from pond
- direction of slope
- max. gradient
- length
- disabled parking
- Beeches Café, information point, toilets (all accessible)
- ancient pollard
